SUMMARY:

With a diverse background in logistics, finance, and hospitality management, I've developed a strong ability to navigate complex challenges, streamline operations, and deliver results across fast-paced environments. These experiences have sharpened my skills in prioritization, collaboration, and practical problem-solving. Today, I'm driven by opportunities to grow within the web development field—continually seeking out challenges that push me to learn, adapt, and make meaningful contributions through thoughtful, efficient solutions.

TECHNICAL SKILLS:

Tools/Software: Git, HTML, CSS, JavaScript, React, Node, Express, PostgreSQL, Python, Linux, Cybersecurity

Soft Skills: Teamwork, management, attention to detail, continuous improvement, communication, problem solving

Certifications: Udemy: Complete Web Developer

Projects: GAINZ Fitness Planner, FaceTrace web app, Robofriends website, BookBuddy website

RELEVANT EXPERIENCE:

Chef de Cuisine | The Godfrey Hotel | Detroit, MI | February 2024 - November 2024

- **Responsibility:** Conducted operations, including menu development, costing, scheduling, staff management, and systems implementation
- **Management:** Created food preparation lists, AOR checklists, order guides, and other organizational tools to better facilitate productivity
- **Problem Solving:** Reduced labor cost and food cost through careful management
- **Teamwork:** Coordinated with other managers to strategize for growth opportunities

Operational Service Representative | Kuehne & Nagel | Detroit, MI | August 2022 - February 2024

- **Logistics:** Learned the fundamentals of logistics and how goods are transported globally
- **Reliable:** Ensured the commodity information was correct and in line with customs requirements.
- **Quick-Learner:** Familiarized myself with ocean, rail, and ground freight, as well as the basics of customs.

Underwriter | United Wholesale Mortgage | Pontiac, MI | August 2021 - August 2022

- **Accountability:** Managed a workload of between 12-30 mortgages daily
- **Team-Oriented:** Participated in the underwriter advisory board to work toward honing and perfecting internal processes
- **Precision:** Trained to have a keen eye for detail and a proficiency in data entry

Senior Mortgage Banker | Rocket Mortgage | Detroit, MI | January 2020 - August 2021

- **Persistence:** Participated in hundreds of hours of phone sales
- **Commitment:** Acquired 21 state licenses for mortgage origination
- **Integrity:** Passed the SAFE exam on the first attempt

EDUCATION:

University of Michigan School of Engineering: Professional Education Coding Bootcamp | 08/25 - 11/25

Powered by Fullstack Academy

Immersive software engineering coding bootcamp focused on developing and deploying robust full-stack web applications by mastering HTML and JavaScript foundations, front- and back-end development, and databases.

Schoolcraft College Associates of Liberal Arts - Culinary Degree | Graduated May 2015 | GPA: 3.8
